### **TSSAG announces MYRIAD Group Technologies as new Affiliate Member**

The Securities Services Advisory Group (TSSAG) is pleased to announce its newest Affiliate Member – **MYRIAD Group Technologies Limited (MGTL)**.

Mark Kerns, Chairman of TSSAG commented, “We are delighted to welcome MYRIAD as an Affiliate Member of TSSAG. Myriad have an established track record of providing web-based solutions that support the critical areas of Network Management, Vendor Governance, Due Diligence, Client Onboarding and Lifecycle Management. Affiliate Membership of TSSAG offers access to our core membership thereby creating awareness of service offerings that are relevant to TSSAG’s collective client base. We also look forward to Myriad’s attendance at relevant forums and contributions to thought leadership initiatives”

Adam Vine, Head, Client Operations, said “, “becoming an Affiliate Member of TSSAG, affords MGTL a platform that will, in equal parts, complement our competitive advantage and, from participation in working groups and networking forums, form the basis of our contribution toward advances in software that better support our industry”

He went on to say “MYRIAD Group Technologies Limited (MGTL) was founded in August 2004. The Company bought its predecessor, Venus Internet Limited (founded in 1995), and with it the intellectual property rights to MYRIAD. The original Client MYRIAD project started in 2000, so we now have over a 20-year track record. The Company has grown organically since inception, is self-funded and despite being on a growth path, conservatively managed. Our premises are in the City of London, an ideal location for our target market, and we also have a permanent presence in Boston, Hong Kong, and Melbourne. MGTL is a privately held company.
