TSSAG announces new United Kingdom member – Custodiex

We are delighted to announce that Custodiex, who specialise in secure, real-time cold storage for digital assets, is joining The Securities Services Advisory Group (TSSAG) as its newest affiliate member.

TSSAG (TSSAG.info) is a results-driven network for advisory, consulting, program management, research and resourcing within the post trade and securities services arena as well as a forum for thought leadership across the industry.

Custodiex will work closely with other members of TSSAG to further develop TSSAG’s expertise around digital asset management infrastructure, bringing practical experience from their projects with top-tier global custodians, banks and securities services firms across the globe.

Mark Kerns, Chairman of TSSAG:

“We are delighted to welcome Custodiex to our expanding Group. We look forward to benefiting from their expertise and insights as we support our collective, global clients in this critical strategic space. The affiliate member category brings access to our network of independent firms around the world, distinguished in their areas of practice within specific countries or regions and further enables our ability to support our thought leadership objectives.”

Maarten Heukshorst, CEO, Custodiex:

“ We are excited about joining TSSAG and actively participating in all the work and initiatives the Group are undertaking regarding innovation in the securities services industry. With a fast growing arena of financial services players that are active in digital assets, combined with rapidly developing regulatory clarity it is important the industry comes together working towards interoperability and industry standards. TSSAG is well positioned to play a leading role in this”
