Date: 27th January 2021

TSSAG announces new South African member

The Securities Services Advisory Group (TSSAG) today announces its newest member – **Solve Business Consulting (PTY) Ltd**, a management consulting company based in South Africa,

Mark Kerns, Chairman of TSSAG commented, “We are delighted to welcome Solve Consulting to our expanding Group. We look forward to collaborating with them given their long and successful track record in large operational and strategic initiatives for financial services firms in South Africa and across the continent. Our collective clients have ever increasing access to a broad range of industry, subject and geographical experts around the globe”

Solve is a boutique management consulting company based in South Africa, with offices in Cape Town and Johannesburg. Since 1997 **Solve** has serviced the local financial services industry, focusing on investment managers, investment and retirement fund administrators, wealth managers, insurance companies and banking treasury. **Solve** offers advice and execution services across a wide range of business needs including operating models, business architecture, system selection and implementation, GIPS and other regulatory requirements. **Solve** has facilitated some of the largest business transformation programmes in South Africa, including large outsourcing projects or business re-engineering. Although **Solve** is focused on the South African market, it has gained significant exposure to global institutions and system vendors who have a presence or a client base in Africa.

Solve’s resources include highly competent and experienced analysts, project managers and domain experts.

Lionel De Nicola, one of the Executive Directors of Solve with more than 30 years’ experience in the financial services, said “We are very excited to join TSSAG a network of organisations and individuals who have similar and complementary service offerings to the financial service industry, in a global context. We look forward to contributing to the overall pool of knowledge and experience, and to getting access to like-minded experts”.
