Press release – for immediate release

Date: 6th February 2024

TSSAG announces new member – Fairman Consulting

We are delighted to announce that Fairman Consulting, a specialist management consulting firm that focuses on supporting transformation of financial institutions out of offices in London, Paris, Luxembourg, and Hong Kong, has joined The Securities Services Advisory Group (TSSAG) as its newest member.

TSSAG (TSSAG.info) is a results-driven network for advisory, consulting, program management, research and resourcing members of the post trade and securities services industry as well as a forum for thought leadership.

Fairman will work closely with TSSAG members to further develop the group’s expertise around transformation, bringing extensive experience from their projects with top-tier financial institutions across multiple geographies.

Mark Kerns, Chairman of TSSAG said:

“We are delighted to welcome Fairman Consulting to our expanding Group. We look forward to collaborating with them given their long and successful track record in supporting the transformation of financial institutions across Europe and Asia.”

Pierre Lubin, Founder Fairman Consulting said:

“We have the unique opportunity to join TSSAG and to cooperate with its members, based across the globe. We have already identified cross selling and collaboration opportunities in areas such as Securities Lending where AI could offer better accuracy in pricing assets or Custody FX with the impact of T+1. Moreover, TSSAG coverage will help and provide us with new opportunities and challenges to face in a fast-changing market”.
